

Dark Theme LaTeX

Contents

1 Introduction

The Dark Theme LaTeX is a awesome looking dark theme LaTeX template originally designed for Engineering 202 class at Oregon State University. The original document is on GitHub however, due to the fact that this is a class assignment the repo is private (sorry :C)

2 Usage

2.1 Where Does Document Starts

Document starts at (Line 74) everything after (Line 74) until (Line 124) should be changed.

2.2 Stuff To Change

A list of things to change at line number:

1. [Line 57] >:[Dark Theme LaTeX]:<
2. [Line 63] >:[Dark Theme LaTeX]:<
3. [Line 65] >:[Anthony Kung]:<
4. [Line 67] >:[August 23, 2020]:<
5. [Line 128] >:[Dark Theme LaTeX]:<
6. [Line 129] >:[Dark Theme LaTeX GitHub Repo:]:<
7. [Line 131] >:[<https://github.com/Anthonykung/Dark-Theme-Latex>]:<

3 Why It's Awesome?

Here's some of the reason why this is awesome:

1. It's dark theme, duh
2. It looks super fancy, ever seen a dark theme PDF?
3. Impress your professor, got an A on this paper :P
